WHY THIS VISION

Y*ou can't get there from here!* Have you ever asked someone for directions and received the answer, "you can't get there from here"? The Leadership Team and the Dare to Dream Team learned this fact. Now you also know this is what we are hearing about our facilities. The analysis by Covenant Consultant Don Fensterman's reveals that our existing facility and its configuration cannot take us from where we currently are to our goal for future ministry. In order to make that journey it is necessary that we implement changes and upgrades to our existing facilities. Once these upgrades are completed, the facility will be able to sustain the numbers of members and visitors which will allow us to transition into a future whose vision includes a sanctuary.

PATH TO THE VISION

Of course to make this vision a reality these upgrades will require capital funds. To raise these funds all those connected with the ministry of Olathe Covenant Church will be asked to step out in faith and support this vision by their gifts. Yes, each of us will be asked to "Dare to Dream" that this vision will become a reality.

The Dare to Dream capital funds drive will eliminate the need to borrow money to complete the renovations. With this process, income that would have been spent paying interest on a loan will be freed up for the project.

This is the meaning of the "Dare" in or theme of Dare to Dream. Dare you reach beyond your normal giving? Do you believe that no matter how little or how much you can give to this fund, that God will bless OECC far beyond what we can now see and far beyond what we alone can give. Do you believe God will give us more than we could ever have imagined possible or could do alone? This is the meaning of Daring for when we share in *over-and-above giving* to the Dare to Dream capital fund drive God has promised he will bless His people and all those who stepped out in faith.

Regular giving to the church is needed to maintain our ongoing ministry and meet everyday expenses. The "over-and-above" giving over a three year capital fund drive will be used to completed the renovations while maintaining the current level of staffing and

Dare to Dream Scripture

"Out of the most severe trial, their overflowing joy and their extreme poverty welled up in rich generosity. For I testify that they gave as much as they were able, *and even beyond their ability*. Entirely on their own, they urgently pleaded with us for the privilege of sharing in this service to the saints."

— II Corinthians 8:2-4

ministry.

There are other ways to support Olathe Covenant Church through in-kind gifts and transferring assets to the church. Gifts of appreciated investment property held more than a year such as stocks, bonds, mutual fund shares, real estate, collectibles and other such property offer possible significant tax advantages.

When you give an appreciated asset to the church you may eliminate the capital gains taxes that would have been levied. You can also deduct 100% of the market value of most such assets as charitable contributions for tax purposes if held more than one year.

Dare to Dream Quote
